

COLD DRINK DISPENSER #34

Internationally
patented models

For all kinds of cold drink

Easy to use, the cold drink dispenser #34 allows you to dispense all types of cold drinks: fruit juices (with or without pulp), sangria, lemonade, water, iced tea, simply by pressing the glass or the jug against the tap.

Equipped with a stirring paddle, it allows to maintain a homogeneous temperature, while avoiding foaming and oxidation of the drink.

The wide air-cooling condenser allows a quick and reliable refrigeration, while its hermetically sealed compressor gives the guarantee of a high quality, efficient and long-lasting appliance.
